SKILLS SUMMARY

Programming Skills

- Front End Web Development
 - HTML
 - CSS3
 - Bootstrap
 - Figma
 - Git Basics
- Back End Development
 - JavaScript
 - Node.js
 - Express.js
 - Postman
 - MongoDB
 - REST Architecture
- Full Stack Development
 - DOM Manipulation
 - React.js
 - AWS

PROJECT EXPERIENCE

- Front End Capstone:**
 - I designed and developed a responsive web portfolio using HTML5, CSS3, and Bootstrap, with Git for version control. The project is hosted on GitHub.
[View Project](#)
- Back End Capstone (Duo Project):**
 - In collaboration with a partner, I created an **E-Commerce API** using Express.js, Postman, and MongoDB. Key features include:
 - User Resources:
 - Registration and OTP authentication
 - Admin management (default admin, set user as admin)
 - User details retrieval and password update
 - Product Resources:
 - Create, update, archive, and activate products (Admin only)
 - Retrieve all products, active products, and individual products
 - Search functionalities
 - Cart Resources:
 - Add to cart, update quantities, remove items, and clear cart
 - Order Resources:
 - Admin order retrieval
 - User order retrieval and checkout
[View API](#)
- Full-stack Capstone:**
 - Together with my partner, I developed a **full-stack E-Commerce website, L&X Burgers**, using ReactJS for the frontend and ExpressJS for the backend. This project integrates all features from the backend API.

WORK EXPERIENCE

Quality Assurance Engineer

Molave Trading Inc. — Quezon City, Metro Manila

August 2021 - April 2023

- Instituted and managed the Engineering Department's database, ensuring efficient organization and accessibility of critical information.
- Conducted rigorous testing and validation procedures to ensure product quality and compliance with industry standards.
- Collaborated closely with product development teams to identify and address defects, improving overall product reliability and performance.

EDUCATION

Zuitt Web Developer Program

Frontend | Backend | Full-Stack

April, 2024 - June, 2024

Bachelor of Science in Electronics Engineering (BSECE)

Polytechnic University of the Philippines (PUP)

Sta. Mesa, Manila

2015-2020

DOST-SEI Scholar

TRAININGS & SEMINARS

Amazon Web Services Introduction

Zuitt Coding Bootcamp Short Course

June, 2024

A 20-hr short course covering AWS foundational concepts, EC2, S3, and full-stack app deployment to AWS.

Principles of Graphic Design

University of the Philippines Open University

April, 2024

ADDITIONAL SKILLS

- Computer Skills
 - AutoCAD Drafting
 - MS Applications
 - Arduino
- Electronics and Electrical knowledge
- Adaptability
- Eager to learn new things
- Complex problem-solving skills.
- Good communications skills.
- Effective as a team player and an open minded leader.
